

Enzyme powder MC-103

Date: Aug.10,2024

1、Commodity information

Product name	Enzyme powder MC-103 MC-103
Manufacturers	
Brand	
Use	For textile industry

2、Technical indicators

Project	Indicators
Appearance	Light yellow powder
Smell	No bad smell
Moisture (%)	≤8.0

3、Application guidelines

Equipment	Wet processing equipment with strong mechanical function. such as industry washing machine,
-----------	--

Dosage	0.3-0.6%owf
Bath ratio	4:1 - 15:1
Temperature	25-55°C
pH	5.0-7.0
Processing time	30-60min
Enzyme inactivation	Adjust solution PH to 9 - 9.5 or Temperature 80 to 85 Degree C, Running 10-15 minutes.
